Ultra1Plus SAE 10W-30 Synthetic Super Tractor Oil Universal Fluid

Product Description

Ultra1Plus SAE 10W-30 Synthetic Super Tractor Universal Fluid is a premium multi-purpose tractor lubricant designed for use in engines, transmissions, final drives and hydraulic systems of various off-road equipment. This multi-use fluid is formulated with group II paraffinic base stock and a premium performance additive package which provides robust anti-wear, antioxidant, anti-foam, and detergent properties.

Suitable for use in applications which require a Caterpillar TO-4 oil in the SAE 10W or SAE 30 viscosity grades.

Further, specialty friction modifiers minimize chatter, sticking or slipping for wet brakes and power take-off clutches. This multi-grade fluid is designed for year-round performance in all seasons.
